Merchant Mills Sewing is a small, family-owned business that produces high-quality sewing patterns and fabrics. Their patterns are known for their precision and attention to detail, and their fabrics are made from the finest natural fibers. I recently had the opportunity to try out one of their patterns, the Merchant Mills Shirt Dress, and I was very impressed. The pattern was well-drafted and easy to follow, and the fabric was beautiful and soft. I'm already planning to make another one of their patterns, and I highly recommend Merchant Mills Sewing to anyone who loves to sew.

Merchant Mills Sewing was founded in 2009 by Amy Butler and Amy Herzog. Butler is a well-known fabric designer and author, and Herzog is a former fashion designer. Together, they have created a company that is dedicated to providing high-quality sewing patterns and fabrics to the sewing community.

Merchant Mills Sewing fabrics are made from the finest natural fibers, including cotton, linen, and silk. The fabrics are available in a variety of colors and patterns, and they are perfect for making garments, home décor, and accessories.
