

My First Piano: Ayca Roel, the Beginning of a Musical Journey

Music has always held a special place in my heart. As a child, I would spend hours listening to my parents' record collection, captivated by the melodies and rhythms that filled our home. I dreamed of learning to play an instrument myself, but it wasn't until I was eight years old that my wish finally came true.

My journey began with a used baby grand piano that my parents had purchased for me. It was a beautiful instrument, with a glossy black finish and intricate carvings. I remember the excitement I felt as I sat down at the bench for the first time and placed my fingers on the keys. The sound that emerged was magical, a rich and resonant tone that filled the room and sparked something within me.

I named my piano Ayca Roel, after my two favorite composers, Ayca Yaylali and Roel van der Veen. From that day forward, Ayca Roel became my constant companion. I spent countless hours practicing scales and exercises, eager to master the art of playing the piano. My parents were supportive and encouraging, and they hired a private piano teacher to help me develop my skills.

As I progressed, my repertoire grew. I learned to play classical pieces by composers such as Bach, Beethoven, and Chopin. I also discovered the joy of improvising, creating my own melodies and harmonies on the fly. Playing the piano became not only a hobby but a way for me to express myself and connect with my emotions.

Over the years, Ayca Roel has witnessed many milestones in my musical journey. I have performed in recitals and competitions, earning recognition for my talent and dedication. I have used my piano to compose and record my own music, sharing it with others through online platforms.

But beyond the awards and accolades, Ayca Roel has become more than just a musical instrument to me. It has become a symbol of my growth and perseverance. The countless hours I have spent practicing at its keys have not only honed my skills but have also taught me the value of discipline, hard work, and never giving up on my dreams.

As I look back on my journey with Ayca Roel, I am filled with gratitude for the endless hours of joy and satisfaction it has brought me. It is more than just a piano; it is a part of my family, a witness to my triumphs and a source of comfort during times of challenge.

Today, Ayca Roel still holds a place of honor in my home. It is a constant reminder of the transformative power of music and the importance of pursuing one's passions. I am forever grateful for the role that my first piano has played in shaping my life, and I look forward to continuing to make music with Ayca Roel for many years to come.
